

Welcome to FOBS!

Registered Charity
Number 1125621

FOBS (Friends of Brailes School) is the registered fundraising charity for Brailes C of E Primary School and Nursery and together the members, including families, staff and friends support the school by raising money to fund activities and equipment to enhance the education of the children. If you have a child at the school or nursery, or work at the school you are automatically a member of FOBS!

A small elected committee lead on activities, supported by FOBS Year Group Reps and an amazing army of parents, grandparents, friends and friendly villagers – it really is a community thing!

Communications generally come out through the school via SchoolPing and there is also a Facebook Messenger Info group which is used to send out information and recruit people for activities so please do let us know if you'd like to join. We advertise events to the wider community of our Facebook page "Friends of Brailes School (FOBS)." If you need to get hold of the committee either collar us in the playground, or send an email to mailfobs@gmail.com. The committee will be introducing themselves over the next few weeks as much as possible so please be gentle and don't run away – they are all volunteers!

We are keen to hear your ideas for how FOBS can better support you and the school to do the best for your child or children. It's all about having fun whilst raising money to support the school.
